

Scotseal X-Treme

Save on maintenance, invest in performance

Seals are a vital protective part of the overall wheel end system, with a crucial impact on trouble free truck operation between scheduled service intervals.

It is time for a step-change in wheel end system performance – with the Scotseal X-Treme.

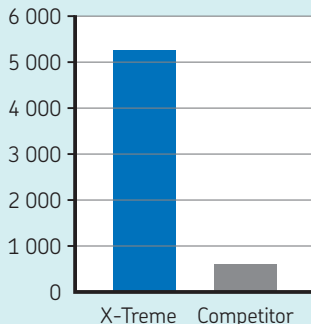

Featuring a patent pending sealing lip design, improved contamination exclusion features and an advanced HNBR compound, this seal provides:

- Superior sealing performance with WAVE lip technology
- Unrivalled friction for improved rolling efficiency
- Unique operating temperature performance
- Protective casing for damage-free handling and installation
- Improved fuel economy and lower emissions

Boost your truck uptime and increase service intervals with the Scotseal X-Treme. It is available in various dimensions for truck, bus and trailer wheel ends for driven and non-driven axles.

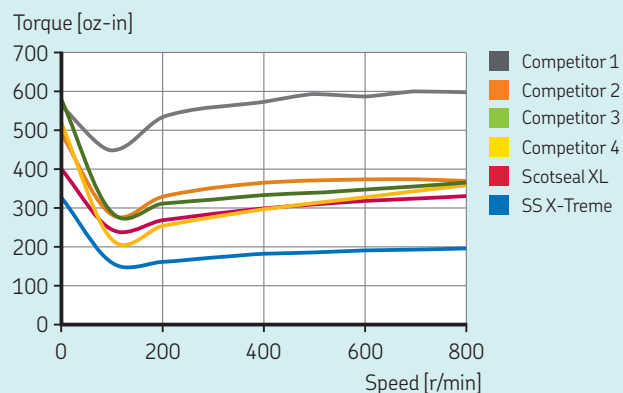

10x Life increase
Test life: oil retention under high speed
