

ALTERNATORS

 REPAIR & REPLACEMENT

Alliance alternators are designed for customers who demand reliability and performance. Alliance premium re-manufactured alternator installs quickly and easily, and provides cranking performance you can count on.

FEATURES, BENEFITS AND HIGHLIGHTS

- Alliance remanufactured alternators meet or exceed OE Standards- these are remanufactured with in-process inspections/tests throughout the production process
- Alternator bearings, brushes and brush springs are replaced with NEW
- Rotors are electronically tested for amperage in insulation quality or replaced with NEW
- Rotor slip rings are machined and checked for concentricity or replaced with NEW
- Starters are tested for insulation quality, phase balance and amp output or replaced with NEW
- Regulators are electronically tested to OE specifications or replaced with NEW
- All alternator units are performance tested to measure output curve, turn on speed and other critical specifications with test reports enclosed with the product.
