

## **STARTERS**

Alliance starters are designed for customers who demand reliability and performance. Alliance premium re-manufactured starter installs quickly and easily, and provides cranking performance you can count on.

## FEATURES, BENEFITS AND HIGHLIGHTS

- Alliance remanufactured starters meet or exceed OE Standards - these are remanufactured with in-process inspections/tests throughout the production process
- Component parts are guaged, sorted, tested while vital parts are replaced 100% NEW
- Starter bushings, brushes and brush springs are replaced with New
- Field coils are inspected and tested for insulation weakness/leakage and wrapped for solid insulation

- Solenoids are electronically tested for amperage for Hold-in and Pull-in current to meet or exceed OE specifications or replaced with new
- Armatures are cleaned, inspected, tested for insulation leakage, commutators machined/ polished and checked for run-out
- All starter units are tested to measure torque, power, speed and voltage, with reports enclosed with the product.

## **TOP MOVERS**
