

DT12 TM 2020

DEMAND VALUE

The Transmission is a pivotal pillar within the Vehicle's Powertrain that transmits the power to the pavement Efficiently, Economically, and Safely. Today's vehicles have become more advanced with electronics and automation to provide a total vehicle solution that encompasses over the road efficiencies & safety that allows drivers to focus on the road ahead. Detroit Reman™ is proud to announce the latest extension to its DT12 Product Portfolio with the launch of the DT12 TM2020. Detroit Reman™ combines years of experience along with OEM expertise to provide a high quality, thoroughly tested transmission, which has developed to get you back on the road at a lower cost.

FEATURES & BENEFITS

- Every unit is completely torn down, cleaned, inspected, measured and gauged to OEM Specification.
- All wear components are removed and replaced 100% with new.
- Transmission assembly is performed in a controlled environment using OEM processes.
- Functionally tested against OEM Testing Standards to ensure optimal performance and quality.
- 1 Year / Unlimited Mile Warranty.
- Proudly Remanufactured in the USA and available at over 800 authorized locations.

DGT DT12-OC4CD-01R	C07-00052-199	DT12 TM2020 - DT12-OC w/ Cooler, Double Clutch

DEMAND VALUE

Operational excellence is the cornerstone of the remanufacturing process, and Detroit™ Reman is the benchmark for the global remanufacturing industry. With state-of-the-art recovery technologies to restore products to OEM standards, Detroit™ Reman products are of the highest quality and provide a value-driven solution to lower your cost of ownership; giving you the value you demand.

PRODUCT LINES

- Accessory Drives
- Actuators
- Air Compressors
- Axles
- Bull Gears
- Camshafts
- Connecting Rods
- Cylinder Heads
- Diesel Exhaust Fluid (DEF) Pumps
- Diesel Particulate Filters (DPFs)
- Differentials
- Metering Units
- Engines
- Electronic Control Units (ECUs)
- Exhaust Gas Recirculation (EGR) Valves
- Fuel Injectors
- Fuel Pumps
- NOx Sensors
- Oil Pumps
- Overhaul Kits
- Rocker Arms
- Transmissions
- Turbochargers
- Variable Pressure Output Devices (VPODs)
- Water Pumps
