HEAT  **D**

Super 44[®] & 60[®] Series

(800) 562-5012 | truck-lite.com

The new heated Super 44[®] and 60[®] Series LED stop/turn/tail lamps offer signature Truck-Lite styling, rugged construction and a five-year warranty – now with a heating element that consistently warms the lamp as temperatures fall, preventing ice and snow buildup in even the most severe winter weather.

Uses standard connectors:

- 3-pin amp/integral plug (S/T/T)
- 4-pin amp/integral plug (S/T/T & BU)

Voltage: 12.8 V

Current draw with heater on:

- Tail: 0.55 A – 0.65 A
- Stop: 0.6 A – 0.8 A
- B/U: 0.75 A – 1.0 A

Self-regulating heater adjusts output depending on temperature

Polycarbonate lens and housing

Same light pattern and output as existing product

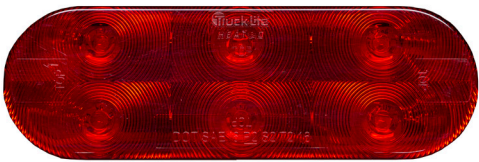

Flange or grommet mount available

Heated Super 44[®] Stop/Turn/Tail

	PART NO.	DESCRIPTION
	44602R	6 Diode, S/T/T, Grommet Mount, Heated
	44622R	6 Diode, S/T/T, Flange Mount, Heated
	44605R	8 Diode, S/T/T & BU, Grommet Mount, Heated
	44625R	8 Diode, S/T/T & BU, Flange Mount, Heated
	44610R	8 Diode, S/T/T & BU, Flange Mount, Heated, Hardwired

Heated 60[®] Series Stop/Turn/Tail

	PART NO.	DESCRIPTION
	60602R	6 Diode, S/T/T, Grommet Mount, Heated
	60622R	6 Diode, S/T/T, Flange Mount, Heated
	60630R	8 Diode, S/T/T & BU, Flange Mount, Heated, Hardwired
	60610R	8 Diode, S/T/T & BU, Grommet Mount, Heated, Hardwired
